### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Schwartz et al (6,098,205) discloses goggles including a pair of lenses, two frame members, a bridge, a strap 16. However, Schwartz et al lacks of disclosing the limitations "said components being flexible and said goggles being integrally formed in a molding operation", but his components can be interchangeable and replaceable. The prior art fails to teach a combination of all the limitations as claimed in the independent claim 1, wherein the claimed invention comprising one-piece integrally-formed goggle comprising the following components: two lenses, two frame members, each frame member mounting a respective one of said lenses and having a proximal end and distal end, a bridge connecting said proximal ends of said frame members, a strap connecting said distal ends of said frame members said components being flexible and said goggles being integrally formed in a molding operation, as claimed. The prior art does not disclose or fairly suggest, by themselves or in combining with any other reference, to meet a combination of all the limitations as claimed in claims 1,9,12,20. Therefore claims 1-25 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Huy K. Mai whose telephone number is (571) 272-2334. The examiner can normally be reached on M-F (8:00-4:30).
